LITHOS 

Contents Volume 32, (1994)

Magma mixing in alkaline magmas: An example from Tenerife, Canary Islands V. Araña, J. Martí, A. Aparicio, L. García-Cacho and R. García-García.....	1
Net-veined complexes in the Oslo Rift, southeast Norway V. Morogan and H. Sørensen	21
Polygenetic nature of the Cima d'Asta intrusive complex, Southern Alps, Italy. Inferences from petrological, geochemical and isotopic (Sr and Nd) data P. Macera, A. Del Moro, G.M. Bargossi, R. Campana and A. Rottura.....	47
Contrasting low- and high-Ca granites in the Archean Barberton Mountain Land, Southern Africa F.M. Meyer, L.J. Robb, W.U. Reimold and H. De Bruijn.....	63
Dating lower crust and upper mantle events: an ion microprobe study of xenoliths from kimberlitic pipes, South Australia Y.D. Chen, S.Y. O'Reilly, P.D. Kinny and W.L. Griffin.....	77
An infrared spectroscopic (IR) and light element (Li, Be, Na) study of cordierites from the Bamble Sector, South Norway D. Visser, J.T. Klopogge and C. Maijer.....	95
Crustal anatexis and ascent of felsic magmas M. Brown.....	109
Anatexis, hybridization and the modification of ancient crust: Mesozoic plutonism in the Old Woman Mountains area, California C.F. Miller and J.L. Wooden.....	111
Crustal anatexis and melt migrations in the Higo metamorphic terrane, west-central Kyushu, Kumamoto, Japan M. Obata, Y. Yoshimura, K. Nagakawa, S. Odawara and Y. Osanai.....	135
Maximum and minimum water contents of granitic melts: implications for chemical and physical properties of ascending magmas F. Holtz and W. Johannes	149
The ascent of felsic magmas in dykes N. Petford, J.R. Lister and R.C. Kerr	161
<i>Book Reviews</i>	169
Origin of K-poor leucosomes in a metasedimentary migmatite complex by ultrametamorphism, syn-metamorphic magmatism and subsolidus processes D.L. Whitney and A.J. Irving.....	173
The geochemistry of pseudotachylyte and its host rocks from the West Rand Goldfield, Witwatersrand Basin, South Africa: implications for pseudotachylyte genesis A.M. Killick.....	193
The genesis of felsic–mafic plutonic associations: a Sr and Nd isotopic study of the Hercynian Braga Granitoid Massif (Northern Portugal) G. Dias and J. Leterrier.....	207
Nd and Sr isotope signatures of the Khibina and Lovozero agpaitic centres, Kola Alkaline Province, Russia U. Kramm and L.N. Kogarko	225
Isotopic composition of strontium and neodymium in potassic rocks of the Little Murun complex, Aldan Shield, Siberia R.H. Mitchell, C.B. Smith and N.V. Vladikin.....	243
Shoshonitic lamprophyre dykes and their relation to mesothermal Au–Sb veins at Hillgrove, New South Wales, Australia P.M. Ashley, N.D.J. Cook, R.L. Hill and A.J.R. Kent.....	249

Arc related Jurassic igneous and meta-igneous rocks in the Coastal Cordillera of northern Chile/Region Antofagasta F. Lucassen and G. Franz.....	273
<i>Book Reviews</i>	299
<i>Author index</i>	303
